# PROGRESS + EXTENSIONS
# Winter Errorless File Folders

**When to move on (ready for the next level)**

A student may be ready when they can:

- Complete folders independently (or with minimal prompts)
- Finish with a calm body and stay on task
- Match efficiently across several sessions

**Easy extensions (no extra printing)**

- Timed challenge: "Can you finish before the timer?"
- Work stamina: complete 2-3 folders in a row
- Counting check: count pieces before packing away
- Choice making: student chooses the next folder from 2 options
- Generalization: complete the folder in a new location (table, floor, library)

**Next step ideas**

- Move to a higher level (less support/more discrimination)
- Try a new theme pack while keeping the same routine
